Guidance Information

Definitions

Hauora means the appropriate practices associated with the holistic wellbeing of an individual as a member of a whānau, hapū, and iwi. For the purpose of this unit standard, these practices are determined by service providers or entities that operate within a hauora context.

Hauora context refers to a hauora service provider capacity and environment.

Hauora outcomes are the result of any Māori health initiative.

Hauora Māori priorities are those listed by the Ministry of Health and supported by national health indicators.

Māori groups refers to people who share a specific set of hauora needs. Examples may include pregnant wāhine, people with disabilities, rangatahi, kaumātua, Māori women, Māori men, and Māori parents.

Outcomes and performance criteria

Outcome 1

Review current hauora Māori priorities and their associated issues.

Performance criteria

1.1 Current hauora Māori priorities are reviewed in terms of their impacts for Māori groups.

Range Māori hauora health issues may include but are not limited to – smoking cessation, diabetes, asthma, injury prevention, oral health, child health, heart, youth offending, alcohol and drug abuse, physical abuse, sexual abuse, mental abuse; evidence of three priorities is required.

- 1.2 Associated issues are reviewed in terms of Government and Māori responsiveness to the health needs of Māori groups.

Range associated issues must include – access to funding for relevant programmes, Māori input into planning and delivery of relevant programmes, workforce development, hauora promotion, responsiveness of mainstream services; evidence of three is required.

Outcome 2

Review the impact of current government policies on health outcomes.

Range may include but is not limited to policies on – housing, unemployment, education, justice, health, health workforce; evidence of three is required.

Performance criteria

- 2.1 Current government policies relevant to current Māori health priorities (and their associated issues) are identified, and reviewed in terms of their impact on health outcomes.
- 2.2 Changes to current government policies, and changes that need to be made, are identified, and reviewed in terms of their impact on health outcomes.

Outcome 3

Provide recommendations for improving government policies on Māori health.

Range evidence of two policies is required.

Performance criteria

- 3.1 Identify two recommendations for each policy.
- 3.2 Draw conclusions on reviewed policies and their impact on Māori health.

Planned review date	31 December 2022
