

Title	Examine different accounts of Māori migration prior to Pākehā contact		
Level	2	Credits	6

Purpose	People credited with this unit standard are able to: describe a Māori account, and a Pākehā account, of Māori migration prior to Pākehā contact; and discuss the reasons for the different accounts and the effects the accounts have had on Māori identity.

Guidance information

- 1 The basic principles underpinning tikanga are common, but while there are some constants, the details of performance of tikanga, and their explanation, may differ. These differences may be at a rohe, iwi, hapū, whānau, or marae level. The context of the learning should include the tikanga of the local mana whenua (if capable), but learning others' tikanga is also encouraged. This is in order to enrich and enhance understanding of tikanga, and the associated reo.
- 2 **Definition**
Tikanga are Māori values, processes and practices exercised by Māori in their daily lives. These reflect the concepts upon which they are based and provide guidelines for appropriate behaviour and conduct in Māori society. They also prescribe consequences for any breaches or when tikanga is not followed. They can be particular to a rohe, iwi, hapū, whānau, marae, or hapori.
- 3 The resource support listed is given as a guide only and is not intended to be in any way prescriptive. It is acknowledged that different areas may have their own written and unwritten repositories of knowledge relevant to this unit standard.
Resource support may include, but is not limited to:
Appropriate websites.

- 4 Māori versions of migration prior to Pākehā contact were largely ignored or refuted by theories developed by Pākehā anthropologists during the 1900s. Notably, the theories developed were revised over and over again as evidence emerged to discount earlier theories. Despite these theories being refuted by contemporary historians, there is still a widespread belief and understanding of the Great Migration version of Elsdon Best and others. Māori versions vary significantly between hapū, iwi, rohe, and waka.
- 5 All sources of information must be referenced.

Outcomes and performance criteria

Outcome 1

Describe a Māori account of Māori migration prior to Pākehā contact.

Performance criteria

- 1.1 Māori migration is described in terms of an iwi or hapū version of migration to Aotearoa.
- 1.2 Māori migration is described in terms of the reasons for voyages made.
- 1.3 The names of waka and associated hapū and iwi are identified.
- 1.4 The technology, navigation skills, and spiritual practices utilised in the migration are identified.

Outcome 2

Describe a Pākehā account of Māori migration prior to Pākehā contact.

Performance criteria

- 2.1 Māori migration is described in terms of the Great Migration to Aotearoa.
- 2.2 Māori migration is described in terms of the reasons for voyages made.
- 2.3 The names of waka and associated hapū and iwi, or groups are identified.
- 2.4 Publications which recount Māori migration to Aotearoa are critiqued in terms of their merits and/or faults.
- 2.5 The technology, navigation skills, and spiritual practices utilised are identified.

Outcome 3

Discuss the reasons for the different accounts and the effects the accounts have had on Māori identity.

Performance criteria

- 3.1 The accounts are contrasted and discussed in terms of their differences and the reasons for their differences.
- 3.2 The differing accounts are discussed in terms of their effects on Māori identity in New Zealand society.
