

Title	Deal with an emergency situation, assist veterinarian, and provide ongoing care for a horse		
Level	4	Credits	8

Purpose	People credited with this unit standard are able to: describe actions to take in an equine emergency; act in the event of an emergency and provide assistance while veterinary treatment is being carried out; care for a convalescing horse as instructed by the veterinarian and describe the prescribed veterinary treatment, and management of proud flesh.
----------------	---

Classification	Equine > Equine Health
-----------------------	------------------------

Available grade	Achieved
------------------------	----------

Guidance Information

- 1 Legislation relevant to this unit standard includes but is not limited to:
 - Health and Safety at Work Act 2015; and any subsequent amendments.
- 2 Definition

Workplace procedures are the documented policies and practices for safety and procedures within a particular workplace, and are consistent with the Code of Welfare: Horses and Donkeys (2018) available at <https://www.mpi.govt.nz/dmsdocument/11003-horses-and-donkeys-code-of-welfare>.
- 3 For the purposes of assessment evidence for the practical components of this unit standard must be supplied from the workplace.
- 4 All activities must consider manaakitanga, kaitiakitanga, kotahitanga, and whakawhanaungatanga that are valued in te ao Māori.

Outcomes and performance criteria

Outcome 1

Describe actions to take in an equine emergency.

Performance criteria

- 1.1 Describe individual items in a first aid kit in terms of their uses and method of application.
- Range may include but is not limited to – bandages, gauze, scissors, antiseptics, antiseptic cream, antibiotic cream, wound dressing, hot and cold packs, skin treatments, thermometer, Epsom salts, liniment, nose twitch, halter;
