

Title	Demonstrate knowledge of electrical legislation, New Zealand Codes of Practice, and Standards		
Level	4	Credits	5

Purpose	People credited with this unit standard are able to demonstrate knowledge of electrical legislation, New Zealand Codes of Practice, and Standards.
----------------	--

Classification	Electrical Engineering > Electrical Standards and Statutes
-----------------------	--

Available grade	Achieved
------------------------	----------

Guidance Information

- 1 This unit standard has been developed for learning and assessment off job.
- 2 This unit standard is the capstone assessment of regulations of electrical trades required for registration as an electrician and is usually assessed near the end of the apprenticeship in the New Zealand Certificate in Electrical Engineering Theory and Practice (Trade) (Level 4) [Ref: 2388] and the New Zealand Certificate in Electrical Trade (Level 4) with strands in General Electrical, and Electricity Supply [Ref: 4204].
- 3 To achieve this unit standard, candidates must pass the EWRB Electrician Regulations Examination, which is based on the requirements of the EWRB Teaching Guidelines for Electricians, and Essential Capabilities for Electrical Registration. The EWRB examination is the only valid assessment tool for this unit standard, and credit for this unit standard may only be awarded on evidence of passing the examination.
- 4 Achievement of this unit standard alone does not entitle trainees to legally perform prescribed electrical work without supervision. Until registered and licensed under the Electricity Act 1992, trainees are assisting, and must work under supervision when carrying out prescribed electrical work. Registration and licensing requirements are available at <https://www.ewrb.govt.nz/>.
- 5 Information about examination conditions, including which documents and equipment are allowed to be brought into the examination room are available from the EWRB website at <https://ewrb.aspegexams.com/home>.
- 6 Definition
EWRB – Electrical Workers Registration Board.
