### Guidance Information

#### 1 Definitions

*Airside* refers to the movement area of an airport, adjacent terrain and buildings, or portions thereof, where access is controlled.

*Public protection* in the context of this unit standard refers to the protection of the general public and passengers, and the protection of property.

The term *airport* refers to aerodrome as per Civil Aviation Rules.

- 2 Reference to *enterprise procedures* means that all activities must comply with the requirements contained in the current airport exposition, current airport company manuals and procedures, and any relevant legislative and/or regulatory requirements, which may include but are not limited to: Civil Aviation Act 1990, relevant Civil Aviation Rules, New Zealand Defence Force (NZDF) Policy.

---

### Outcomes and performance criteria

#### Outcome 1

Apply safety measures for public protection airside at an airport.

#### Performance criteria
