

Title	Sew collars on garments		
Level	3	Credits	3

Purpose	People credited with this unit standard are able to demonstrate knowledge of collars for garments, and sew a collar on a garment.
----------------	---

Classification	Clothing Manufacture > Apparel Cutting and Sewing
-----------------------	---

Available grade	Achieved
------------------------	----------

Guidance Information

- 1 This unit standard is primarily intended for people who are studying garment construction in a school or early tertiary learning environment. It may also be used by people in the workplace who are undertaking introductory level training in garment construction.
- 2 This unit standard is not intended to include specialist materials such as leather. Corresponding skills and knowledge relating to leather garments are covered in Unit 2621, Sew a collar on a leather garment in a commercial manufacturing workplace.
- 3 Performance of the elements must comply with the Health and Safety in Employment Act 1992.
- 4 Range
one piece shirt/jacket collar, two piece shirt/jacket collar with stand.
- 5 Definitions
Garment assembly instructions refer to the documentation that the training provider gives to each student at the start of each garment assembly assignment. This documentation sets out the fabric to be used for the garment, the size range of the order, the garment assembly sequence, garment finishing procedures, and the garment component specifications.
Workroom quality standards refer to the expected characteristics of a completed piece of sewn work in terms of the sewing details and overall finish and appearance. Quality standards will include such things as seams being straight, flat, and the correct width.

Outcomes and performance criteria

Outcome 1

Demonstrate knowledge of collars for garments.

Performance criteria

- 1.1 Collar types used on garments are identified and described in terms of their features and construction.

Outcome 2

Sew a collar on a garment.

Performance criteria

- 2.1 Collar is assembled and sewn to garment according to garment assembly instructions and workroom quality standards.
- Range closing nicks joined together, easing is even, points and curves same length and shape, collar fits correctly into neckline.
- 2.2 Finishing procedures are carried out according to garment assembly instructions.
- Range topstitching clean and straight.
- 2.3 Where necessary, fusing is attached according to garment assembly instructions.
- 2.4 Curves and points are clipped evenly and without damage to collar.

Replacement information	This unit standard and unit standards 17819 and 17820 were replaced by skill standard 40128.
