### Guidance Information

- 1 All activities must comply with any policies, procedures, and requirements of the organisations involved; the ethical codes and standards relevant to professional bodies; and any relevant cultural, legislative, and/or regulatory requirements, which may include but are not limited to: Treaty of Waitangi Act 1975, Health and Safety in Employment Act 1992, Resource Management Act 1991, Conservation Act 1987, Reserves Act 1977, Building Act 2004, Local Government Act 2002, Public Works Act 1981, and their subsequent amendments and associated regulations.
- 2 Definitions

A *park area* is publicly accessible land under the management of local government, the Department of Conservation, or a Trust. It may include land protected for scenic, scientific, recreational, historic, or cultural reasons; such as reserves, regional or national parks, protected private land, wildlife areas, marine mammal sanctuaries, conservation areas, or land held under the Local Government Act 2002.

*Park area infrastructure* may include but is not limited to – assets, facilities, buildings, bridges, platforms, tracks, drains.

*Organisational requirements* include the documented policies, procedures and methodologies of the organisation for which the work is being done. They include requirements documented in organisational and site health and safety plans, quality assurance documents, and contract work programmes.

---

### Outcomes and performance criteria

#### Outcome 1

Describe infrastructure inspection procedures in accordance with organisational requirements.

**Performance criteria**

- 1.1 The park area infrastructure that requires inspection is identified.
- Range may include but is not limited to – boardwalks, tracks, playgrounds, toilets, changing rooms, tables, seats, bridges, stiles, barriers, drains, platforms.
