

Title	Describe and complete documents for the Ministry for Primary Industries' Electronic Certification system		
Level	4	Credits	10

Purpose	<p>This unit standard is for people working in a seafood operation.</p> <p>People credited with this unit standard are able to describe: the ethics and responsibilities associated with the Certification Operator role; the Ministry for Primary Industries' electronic certification (E-Cert) system; and the confirmation procedures and certification requirements for seafood products. They are also able to complete E-cert documents for a seafood product.</p>
----------------	--

Classification	Seafood > Seafood Risk Management
-----------------------	-----------------------------------

Available grade	Achieved
------------------------	----------

Guidance Information

- 1 All evidence presented in this unit standard must be in accordance with:
 - Workplace procedures;
 - Animal Products Act 1999;
 - Health and Safety at Work 2015;
 - Privacy Act 1993;
 - Code of Professional Conduct for Veterinarians;
 - Ministry for Primary Industries Conditions for Use of web applications; and any subsequent amendments.

- 2 Definitions

Approval refers to confirmation by an official assurance verifier that an E-Cert document meets all legislative and market access requirements.

Certification covers all procedures and activities associated with issuance of Official Assurance for consignments of animal material or animal product where Official Assurance is required. It includes eligibility documents, eligibility declarations and export certificates.

Electronic certification is referred to as E-cert in this unit standard.

Linked document refers to any document or record that provides information to support an E-cert document.

Workplace procedures refer to the policies and procedures set out in a verbal or written form by the employer or organisation. Procedures must be consistent with current legislative requirements and manufacturer's recommendations or instructions where relevant.

Outcomes and performance criteria

Outcomes 1

Describe the ethics and responsibilities associated with the Certification Operator role.

Performance criteria
