### Guidance Information

- 1 Definition  
*Company requirements* refer to instructions to staff on policy and procedures that are communicated in an oral or written form. These requirements must include legislation and safety requirements, and may include but are not limited to, industry codes of practice and standards.
- 2 Legislation and other requirements that apply to this unit standard may include but is not limited to – the Animal Products Act 1999, the Food Act 1981, the Fair Trading Act 1986, the Australia New Zealand Food Standards Code (available from <http://www.foodsafety.govt.nz/index.htm>), and Overseas Market Access Requirements (OMARs).

---

### Outcomes and performance criteria

#### Outcome 1

Demonstrate knowledge of the requirements for the labelling of seafood product.

#### Performance criteria

- 1.1 The legislation that applies to the labelling of seafood product and its intended market is identified.

Range evidence is required for two seafood products.

1.2 The mandatory labelling requirements that apply to the seafood product and its intended market are explained.

Range evidence is required for two familiar seafood products.

1.3 The process for identifying the mandatory labelling requirements that apply to seafood product and its intended market is explained.

Range evidence is required for one unfamiliar seafood product.

## **Outcome 2**

Explain company and customer requirements for the labelling of seafood product.

Range evidence is required for one seafood product.

### **Performance criteria**

2.1 The explanation includes company specific labelling requirements for the seafood product and its intended market.

2.2 The explanation includes customer specific labelling requirements for the seafood product and its intended market.

## **Outcome 3**

Design labels for seafood product.

Range evidence is required for one label for one seafood product.

### **Performance criteria**

3.1 The designed label meets legislative requirements for the seafood product and its intended market.

3.2 The designed label meets company specific labelling requirements for the seafood product and its intended market.

3.3 The designed label meets customer specific labelling requirements for the seafood product and its intended market.

3.4 The designed label is suited to the size and type of packaging required for the seafood product and its intended market.

## **Outcome 4**

Explain procedures for confirming and maintaining label design accuracy.

**Performance criteria**

- 4.1 The explanation includes the procedures for confirming label design accuracy in accordance with legislation, company, and customer requirements.
- 4.2 The explanation includes the procedures for amending, and implementing amendments, to maintain accuracy of designed labels.
