----------------------	---

### Guidance Information

- All work practices must comply with:  
Health and Safety at Work Act 2015  
*The New Zealand Waste Strategy: Reducing Harm, Improving Efficiency* 2010  
Ministry for the Environment, available at <http://www.mfe.govt.nz>.
- Hazard controls, safety procedures, and personal protective equipment must be used throughout operations in accordance with company procedures.
- Definitions  
*Bill of Lading* means a piece of paper issued and signed by a carrier of goods by sea to a shipper. The bill of lading also acts as a receipt for the goods.  
*Company procedures* mean the documented methods for performing work activities and include health and safety, environmental, and quality management requirements. They may refer to manuals, codes of practice, or policy statements.  
*Local shipment*, for this unit standard, means within New Zealand.  
*Recoverable resources*, for this unit standard, refers to such items as used metals, fibres, plastics, textiles, rubber, whole bottles, cullet, and reusable items, such as furniture. Items may be in baled form.

---
