------------------------	----------

Guidance Information

References relevant to this unit standard include but are not limited to:
 Business Council for Sustainable Development information on five keys to zero waste at <http://www.nzbcscd.org.nz>; case studies for Target Zero at <http://www.ccc.govt.nz>.

Outcomes and performance criteria

Outcome 1

Explain the tailoring of zero waste programmes to meet the needs of an industry.

Range explanations are supported by case studies and evidence from practical experience.

Performance criteria

1.1 The explanation details zero waste options and priorities for the selected industry in accordance with *The New Zealand Waste Strategy* and documentation from zero waste and industry organisations.

Range includes but is not limited to – sustainability, resource efficiency, cleaner production.

1.2 The tailoring of programmes, so that elements are balanced, ordered, and work together, is explained in relation to the selected industry.

Range includes but is not limited to – matching resource supply to demand, processing capacity, prioritising actions, resource efficiency.

- 1.3 Obstacles that slow or halt progress are identified and solutions sought to meet the capacity of the selected industry, and short and/or long term goals of zero waste.
- 1.4 Tailoring of programmes so that the five key aspects of the zero waste programme are actioned concurrently is explained in relation to the selected industry.

Range aspects – taking direct action, changing behaviour, fostering new ideas, communicating, educating.
