## Guidance Information

- Regulations and legislation and subsequent amendments for this unit standard include:  
Health and Safety at Work Act 2015,  
Health and Safety at Work (General Risk and Workplace Management) Regulations 2016,  
Hazardous Substances and New Organisms Act 1996.
- Definition  
*Workplace policies and procedures* refers to the documented procedures and policies providing guidelines of the tasks and activities carried out in the workplace. This typically includes relevant health and safety policies to manage risk in the workplace.

---

## Outcomes and performance criteria

### Outcome 1

Explain the reasons for health and safety planning, and compliance in the marine or composite industry.

### Performance criteria

- The reasons for health and safety planning, and compliance are explained in terms of the marine or composite industry.

**Outcome 2**

Explain hazards and apply controls in a marine or composite workplace.

**Performance criteria**

- 2.1 Key industry hazards are explained in terms of the marine or composite industry.
- 2.2 Strategies for minimisation or elimination of hazard are explained and applied in accordance with Health and Safety legislation.
- 2.3 Methods of eliminating, isolating, and minimising are explained and applied for industry-specific hazards.
- 2.4 Storage methods for chemicals are identified and applied in accordance with Material Safety Data Sheets (MSDS) and workplace policies and procedures.
- 2.5 Personal protective equipment is identified and used in accordance with MSDS and manufacturer instructions.
- 2.6 Hazard information documents are explained in terms of information type.  
Range evidence of five documents is required.
- 2.7 Hazard control documents are explained in terms of their applications.  
Range evidence of four documents is required.
- 2.8 Hazards are recorded in accordance with workplace policies and procedures.

**Outcome 3**

Explain accident and emergency procedures in a marine or composite workplace.

**Performance criteria**

- 3.1 Accident and emergency procedures are explained in relation to legislation and workplace policies and procedures.
