

Title	Demonstrate knowledge of zips used in the industrial textile fabrication industry		
Level	3	Credits	4

Purpose	People credited with this unit standard are able to demonstrate knowledge of zips; and describe removing and fitting zips in the industrial textile fabrication industry.
----------------	---

Classification	Industrial Textile Fabrication > Industrial Textile Fabrication Core Skills
-----------------------	---

Available grade	Achieved
------------------------	----------

Guidance Information

- 1 Evidence presented for assessment against this unit standard must be consistent with safe working practices and be in accordance with applicable manufacturer's information, company requirements, industry guidelines and legislative requirements. This includes the knowledge and use of suitable tools and equipment.
- 2 Legislation, regulations and/or industry standards relevant to this unit standard include but are not limited to the Health and Safety at Work Act 2015; and any subsequent amendments and replacements.
- 3 Definitions
Company requirements refer to instructions to staff on policy and procedures that are available in the workplace. These requirements may include – company policies and procedures, work instructions, product quality specifications and legislative requirements.
Industry guidelines refer to those practices and procedures commonly used as standard procedures to produce items of acceptable merchantable quality in the industrial textile fabrication industry such as related textbook descriptors.
Manufacturer's information may include – technical information for a machine, or product detailing operation; installation and servicing procedures; manufacturer instructions; technical terms and descriptions; and detailed illustrations.

Outcomes and performance criteria

Outcome 1

Demonstrate knowledge of zips used in the industrial textile fabrication industry.

Performance criteria

- 1.1 Purposes of zips are identified.

1.2 Types of zips and slides are identified, and their uses are described.

Range plastic, nylon, metal, locking, open end, closed end, continuous.

Outcome 2

Describe removing and fitting zips in the industrial textile fabrication industry.

Performance criteria

2.1 Method for removing zips is described.

2.2 Methods for fitting zips to materials are described.

Range hand stitched, machine stitched, welded.

Replacement information	This unit standard and unit standard 14145 was replaced by skill standard 40025.
--------------------------------	--

This unit standard is expiring. Assessment against the standard must take place by the last date for assessment set out below.

Status information and last date for assessment for superseded versions

Process	Version	Date	Last Date for Assessment
Registration	1	26 March 2007	31 December 2020
Rollover	2	27 January 2015	31 December 2020
Review	3	28 February 2019	31 December 2026
Review	4	16 December 2021	31 December 2026
Review	5	30 May 2024	31 December 2026
