----------------	--

Classification	Printing > Digital Processes for Print
-----------------------	--

Available grade	Achieved
------------------------	----------

Explanatory notes

- 1 Legislation and references relevant to this unit standard include but are not limited to – Health and Safety at Work Act 2015, Resource Management Act 1991, Privacy Act 1993, Copyright Act 1994.
- 2 Definition
Company requirements refer to any documented policies and procedures of the company involved.
- 3 The candidate is required to keep a portfolio of work indicating that they have successfully used a wide range of finishes and media as specified in this unit standard.

Outcomes and evidence requirements

Outcome 1

Demonstrate knowledge of a wide range of finishes used in large format digital printing.

Evidence requirements

- 1.1 Protective coatings are described in terms of their purpose and physical characteristics.

Range protective coatings may include but are not limited to – spray on, paint on, varnishes, ultra-violet (UV) protectors, waterproofers, laminates;
evidence of three is required.

1.2 Mounting techniques and materials are described in terms of those used for large format printing.

Range mounting techniques and materials may include but are not limited to – stretching (canvas types), foam board, backlit displays, wall mounting, signage, posters, snap frames, retail displays, banners, cars, mounting onto board; evidence of three is required.

1.3 Techniques and materials for creating portable displays using large format printing are described.

Range techniques and materials may include but are not limited to – pull up display units, flags, rotating or revolving displays, street walkers, pop-ups, banners; evidence of three is required.

Outcome 2

Use finishing techniques and materials for large format digital printing.

Range techniques and materials may include but are not limited to – pull up display units, flags, rotating or revolving displays, street walkers, pop-ups, posters, cars, billboards, retail displays, fine art, banners, snap frames, backlist displays, framing, varnishes, laminates, waterproofers, UV protectors; evidence is required for at least five different finishing techniques, using a variety of materials.

Evidence requirements

2.1 Finishing techniques are identified for a range of jobs, and materials are sourced and prepared in accordance with company requirements.

Range evidence is required for a minimum of three different jobs.

2.2 The finishing techniques are completed within times set by the company, and in accordance with company requirements.

2.3 The finished product meets the customer's specifications and finishing requirements.

Planned review date	31 December 2022

Status information and last date for assessment for superseded versions

Process	Version	Date	Last Date for Assessment
Registration	1	25 May 2007	31 December 2012
Revision	2	12 December 2008	31 December 2012
Review	3	19 January 2012	31 December 2021
Review	4	20 April 2017	N/A

Consent and Moderation Requirements (CMR) reference

0013

This CMR can be accessed at <http://www.nzqa.govt.nz/framework/search/index.do>.

Please note

Providers must be granted consent to assess against standards (accredited) by NZQA, before they can report credits from assessment against unit standards or deliver courses of study leading to that assessment.

Industry Training Organisations must be granted consent to assess against standards by NZQA before they can register credits from assessment against unit standards.

Providers and Industry Training Organisations, which have been granted consent and which are assessing against unit standards must engage with the moderation system that applies to those standards.

Requirements for consent to assess and an outline of the moderation system that applies to this standard are outlined in the Consent and Moderation Requirements (CMR). The CMR also includes useful information about special requirements for organisations wishing to develop education and training programmes, such as minimum qualifications for tutors and assessors, and special resource requirements.
