

Title	Assess the worksite, prepare and operate a truck-mounted elevating work platform (EWP)		
Level	3	Credits	4

Purpose	People credited with this unit standard are able to: <ul style="list-style-type: none"> – assess the worksite, and prepare to use a truck-mounted EWP; – carry out operations in a workplace environment, report faults, and shut down the truck-mounted EWP.
----------------	---

Classification	Cranes > Power-operated Elevating Work Platforms
-----------------------	--

Available grade	Achieved
------------------------	----------

Prerequisites	Unit 23966, <i>Describe types of elevating work platforms (EWPs), and industry requirements for their use, or demonstrate equivalent knowledge and skills.</i>
----------------------	--

Guidance Information

- 1 All tasks must be carried out in accordance with the Best Practice Guide (BPG) based on:
 - a. quality management systems;
 - b. designer's requirements and manufacturers' operating instructions; legislation, regulations, bylaws, Health and Safety at Work Act 2015, Health and Safety in Employment Regulations 1995;
 - c. the most up to date version of the:
 - Best Practice Guidelines Mobile Operating Work Platforms* (August 2014), and all subsequent amendments and replacements, available from <https://www.worksafe.govt.nz/>;
 - AS 2550.10-2006, *Cranes, hoists and winches – Safe use – Mobile elevating work platforms*; available from <https://www.saiglobal.com/>;
 - ISO 18878:2013, *Mobile elevating work platforms – Operator (driver) training*;
 - SO 18893:2014, *Mobile elevating work platforms – Safety principles, inspection, maintenance and operation*; available from [ISO - Standards](#).
 - d. AS 2550.10-2006, *Cranes, hoists and winches – Safe use – Mobile elevating work platforms*; available from <https://www.saiglobal.com/>;
 - e. ISO 18878:2013, *Mobile elevating work platforms – Operator (driver) training*;
 - f. SO 18893:2014, *Mobile elevating work platforms – Safety principles, inspection, maintenance and operation*; available from [ISO - Standards](#).
- 2 Definitions

Company requirements include the policy, procedures, and methodologies of the company. They include legislative and regulatory requirements which may apply across the company or to a specific site. Requirements are documented in the company's health and safety plans, contract work programmes, quality assurance programmes, policies, and procedural documents.

Elevating Work Platforms (EWP) covered by this standard are specified in the Best Practice Guidelines (BPG).

A *truck-mounted EWP* is also known as a vehicle mounted platform EWP.

3 Assessment

The truck-mounted EWP used for assessment must be suitable for the job being undertaken.

Assessment of outcome 2 is based on the results of outcome 1.

Assessment of skills relating to elevating work platforms in an electricity supply or horticulture environment are covered respectively by the other Standards Setting Bodies' unit standards.

Outcomes and performance criteria

Outcome 1

Assess the worksite and prepare to use a truck-mounted EWP.

Performance criteria

- 1.1 Inspect worksite for existing and potential hazards.
- 1.2 Eliminate or minimise hazards in accordance with company requirements.
- Range includes but is not limited to – on-site plant and equipment, ground conditions, underground services, weather, overhead service or structures, vehicular and pedestrian traffic.
- 1.3 Determine resource requirements for operation in accordance with company requirements.
- Range includes but is not limited to – staff, plant and equipment, personal protective equipment, additional lighting.
- 1.4 Complete documentation in accordance with company requirements.
- Range includes but is not limited to – hazard identification sheet, traffic management plan, pre - start checklists, site procedure forms, notification to WorkSafe New Zealand.
- 1.5 Determine working zone in accordance with company requirements.
- Range includes but is not limited to – minimum approach distances, barriers, competent worker zone.
- 1.6 Carry out pre-operational checks on the truck-mounted EWP.
- Range includes but is not limited to – stabilizers, fuel and fluid levels, batteries, hydraulics, supporting structure, power mechanism, emergency controls, electrical safety certification if applicable, certification status of EWP.

Outcome 2

Carry out operations in a workplace environment, report faults, and shut down the truck-mounted EWP.

Performance criteria

- 2.1 Set up the truck-mounted EWP prior to starting work.
- Range includes but is not limited to – position on worksite, deploy stabilizers and level machine, remove travel locking devices.
- 2.2 Identify minimum approach distances to electrical conductors and maintain hazards in accordance with company requirements.
- 2.3 Operate the truck-mounted EWP in a smooth and accurate manner in accordance with company requirements.
- Range includes but is not limited to – raise; lower; slew, extend, retract.
- 2.4 Ensure safe working load is kept within load limits during operation in accordance with manufacturer's requirements.
- 2.5 Describe procedures in the event of inclination warning, and recovery manoeuvres in accordance with manufacturer's requirements.
- 2.6 Demonstrate the use of emergency controls on the truck-mounted EWP.
- 2.7 Use personal protective equipment in accordance with company requirements.
- 2.8 Report faults and damage in accordance with company requirements.
- 2.9 Shut down, make safe and secure the truck-mounted EWP in readiness for travel.

Planned review date	31 December 2027
----------------------------	------------------

Status information and last date for assessment for superseded versions

Process	Version	Date	Last Date for Assessment
Registration	1	26 November 2007	31 December 2016
