|--------------|------------------------------------------------------------------------------------------|----------------|----------|
| <b>Title</b> | <b>Demonstrate knowledge of New Zealand Standards that apply to the masonry industry</b> |                |          |
| <b>Level</b> | <b>2</b>                                                                                 | <b>Credits</b> | <b>4</b> |

|                |                                                                                                                                        |
|----------------|----------------------------------------------------------------------------------------------------------------------------------------|
| <b>Purpose</b> | People credited with this unit standard are able to demonstrate knowledge of New Zealand Standards that apply to the masonry industry. |
|----------------|----------------------------------------------------------------------------------------------------------------------------------------|

|                       |                                  |
|-----------------------|----------------------------------|
| <b>Classification</b> | Masonry > Brick and Block Laying |
|-----------------------|----------------------------------|

|                        |          |
|------------------------|----------|
| <b>Available grade</b> | Achieved |
|------------------------|----------|

---

### Explanatory notes

New Zealand Standards relevant to this unit standard include the following, and any subsequent amendments:

NZS 4210:2001, *Masonry Construction: Materials and Workmanship*;

SNZ HB 4236:2002, *Masonry veneer wall cladding*;

NZS 3604:1999, *Timber Framed Buildings*;

NZS 4229:1999, Concrete masonry buildings not requiring specific engineering design.

---

### Outcomes and evidence requirements

#### Outcome 1

Demonstrate knowledge of New Zealand Standards that apply to the masonry industry.

#### Evidence requirements

- 1.1 NZS 4210 is described in terms of its purpose and function.
- 1.2 SNZ HB 4236 is described in terms of its purpose and function.
- 1.3 NZS 3604 is described in terms of its purpose and function.
- 1.4 NZS 4229 is described in terms of its purpose and function.

**Status information and last date for assessment for superseded versions**

| Process      | Version | Date             | Last Date for Assessment |
|--------------|---------|------------------|--------------------------|
| Registration | 1       | 14 December 2007 | 31 December 2011         |
| Revision     | 2       | 21 July 2011     | N/A                      |

**Consent and Moderation Requirements (CMR) reference**

0048

This CMR can be accessed at <http://www.nzqa.govt.nz/framework/search/index.do>.

**Please note**

Providers must be granted consent to assess against standards (accredited) by NZQA, before they can report credits from assessment against unit standards or deliver courses of study leading to that assessment.

Industry Training Organisations must be granted consent to assess against standards by NZQA before they can register credits from assessment against unit standards.

Providers and Industry Training Organisations, which have been granted consent and which are assessing against unit standards must engage with the moderation system that applies to those standards.

Requirements for consent to assess and an outline of the moderation system that applies to this standard are outlined in the Consent and Moderation Requirements (CMRs). The CMR also includes useful information about special requirements for organisations wishing to develop education and training programmes, such as minimum qualifications for tutors and assessors, and special resource requirements.

**Comments on this unit standard**

Please contact the Building and Construction Industry Training Organisation [national.office@bcito.org.nz](mailto:national.office@bcito.org.nz) if you wish to suggest changes to the content of this unit standard.
