### Guidance Information

- 1 The Australian unit of competency can be accessed by using this link [RIIRIS301E Apply risk management processes](#). This standard has been listed on New Zealand's Directory of Assessment Standards as part of the Mutual Recognition of Vocational Education and Training Qualifications between Australia and New Zealand and has been endorsed by MITO New Zealand Incorporated (MITO).
- 2 Memorandum of Understanding (MOU)  
An MOU has been established between MITO and PwC's Skills for Australia (the Australian Skills Service Organisation for the Mining, Drilling and Civil Infrastructure industry sector). The MOU outlines moderation in New Zealand, the granting of consent to assess against standards to providers in New Zealand and the provision for participation of the New Zealand industry in the review of this standard. This document can be viewed at <http://www.mito.org.nz>. Further information relating to consent to assess against and moderation of this standard is outlined in MITO's Consent and Moderation Requirements (CMR) 0014.
- 3 All workplace practices must meet recognised codes of practice, documented workplace health, safety and environmental procedures (where these exceed the

code) for personal, product, workplace health, safety, and environmental matters, and the obligations required under current law including:

Health and Safety at Work Act 2015;

Health and Safety at Work (General Risk and Workplace Management) Regulations 2016;

Health and Safety at Work (Worker Engagement, Participation, and Representation) Regulations 2016;

Health and Safety at Work (Mining Operations and Quarrying Operations) Regulations 2016;

Health and Safety at Work (Hazardous Substances) Regulations 2017;

Resource Management Act 1991;

Conservation Act 1987;

Environment Act 1986;

and their subsequent amendments.
