Standard setting body (SSB) Primary Industry Training Organisation

Accreditation and Moderation Action Plan (AMAP) reference 0123

This AMAP can be accessed at <http://www.nzqa.govt.nz/framework/search/index.do>.

Special notes

- 1 Definition
Company requirements refer to instructions to staff on policy and procedures that are communicated in an oral or written form. These requirements must include legislation and safety requirements and may include but are not limited to – manufacturers instructions, industry codes of practice and standards.
- 2 For the purpose of this unit standard, the candidate must choose one commercial aquatic species from the aquaculture facility. This may include molluscs, fin fish, crustaceans, or echinoderms. The same species must be used throughout the unit standard.
- 3 Assessment against this unit standard will be undertaken within the workplace.

Elements and performance criteria

Element 1

Develop and document an annual plan for farming a commercial species in an aquaculture facility.

Performance criteria

- 1.1 Goals and objectives for the annual plan are identified and described in accordance with company requirements.
- 1.2 Activities are identified and described in terms of scheduling, company requirements, and meeting the goals and objectives of the annual plan.
- Range may include but is not limited to – stocking of farm, grading, harvesting, repairs and maintenance, stock assessment.
- 1.3 The resources required for each activity are identified and described in accordance with company requirements.
- Range may include but is not limited to – stock, farm space, growing containers, barge capacity, labour, equipment.
- 1.4 Annual plan is documented including the goals and objectives, activities, resources for each activity, and contingencies for any variations, in accordance with company requirements.

Please note

Providers must be accredited by NZQA, or an inter-institutional body with delegated authority for quality assurance, before they can report credits from assessment against unit standards or deliver courses of study leading to that assessment.

Industry Training Organisations must be accredited by NZQA before they can register credits from assessment against unit standards.

Accredited providers and Industry Training Organisations assessing against unit standards must engage with the moderation system that applies to those standards.

Accreditation requirements and an outline of the moderation system that applies to this standard are outlined in the Accreditation and Moderation Action Plan (AMAP). The AMAP also includes useful information about special requirements for organisations wishing to develop education and training programmes, such as minimum qualifications for tutors and assessors, and special resource requirements.

Comments on this unit standard
