----------------	------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

Classification	Agriculture > Fencing
-----------------------	-----------------------

Available grade	Achieved
------------------------	----------

Guidance Information

- All evidence presented in this unit standard must be in accordance with:
 - Health and Safety at Work Act 2015;
 - Manufacturer's specifications.
- Personal protection equipment appropriate to the task must be selected and used in accordance with manufacturer's specifications and the Health and Safety at Work Act 2015.

Outcomes and performance criteria

Outcome 1

Install wooden battens for fencing.

Performance criteria

- Identify and reject weak battens.
- Install battens according to fence design.
- Skew, stagger, and drive staples in tight so that wire is indented, and remove and replace all bent or protruding staples.
- Space battens evenly between posts, square to wire, with no breakages left on fence, height consistent with post height, and with wire spacing maintained according to fence design.
- Trim batten above stay and under stay to stay angle.

Replacement information	This unit standard, and unit standard 24821 replaced unit standard 38.
