Guidance Information

1 Definitions

Aeronautical Information Publication New Zealand (AIPNZ) is a regularly published record of information related to air navigation in New Zealand. It has occasional supplements.

International Civil Aviation Organization (ICAO) is a specialised agency of the United Nations, formed to promote the safe and orderly development of international civil aviation throughout the world. It sets standards and regulations necessary for aviation safety, security, efficiency and regularity, as well as for aviation environmental protection.

NOTAM is a Notice to Airmen. It is a notice distributed by means of telecommunication containing information concerning the establishment, condition or change in any aeronautical facility, service, procedure or hazard, the timely knowledge of which is essential to personnel concerned with flight operations. The term *airport* refers to aerodrome as per Civil Aviation Rules.

- 2 Reference to *enterprise procedures* means that all activities must comply with the requirements contained in the current airport exposition, current airport company manuals and procedures, and any relevant legislative and/or regulatory requirements, which may include but are not limited to: Civil Aviation Act 1990, relevant Civil Aviation Rules, New Zealand Defence Force (NZDF) Policy.
