Guidance Information

Definitions

BCATS environment refers to any workplace or context where work or activities related to the building, construction and allied trades sector take place, such as school workshops, training establishments, outdoor areas and industry placement workplaces.

Industry bodies refers to organisations that play a role within an industry in a regulatory, support or advisory capacity. This includes regulatory bodies, industry training organisations and trade or professional associations.

Outcomes and performance criteria

Outcome 1

Demonstrate knowledge of the floor and wall tiling industry within a BCATS environment.

Performance criteria

- 1.1 Major sectors of the floor and wall tiling industry are identified, and described in terms of the scope of work undertaken by a floor and wall tiler.
- 1.2 Common work processes undertaken by floor and wall tilers are identified and described, and reasons for the processes are explained.
- 1.3 Potential clients of a floor and wall tiler are identified and the nature of the relationship is described.

- 1.4 Potential supply relationships of a floor and wall tiler are identified and the nature of the relationship is described.
- 1.5 The inter-relationships between floor and wall tiling and other trades are described in terms of crossover and compatibility.
- 1.6 Industry bodies involved in the floor and wall tiling industry are identified and their impacts on the work of floor and wall tiler are described.
- 1.7 Job roles within the floor and wall tiling industry are described in terms of team structure, career paths and training.

Range four job roles within the industry.

This unit standard is expiring. Assessment against the standard must take place by the last date for assessment set out below.
