- 2 Definitions
 

*Workplace procedures* refer to the policies and procedures on safety and operation set down by the employer or organisation.

*Cattle* refer to dairy and beef cattle.

In the context of this unit standard, *understanding* means that there should be evidence of a learner's thorough comprehension of a topic. A learner with a good understanding of a topic should have applied, or should be able to apply what they have learnt to a workplace situation and will be able to alter their practices to the different contexts they are applying their learning to. Assessors should be confident that the learner's understanding is embedded in their practices and behaviour.
