

Title	Demonstrate competence for night flight instruction		
Level	6	Credits	8

Purpose	People credited with this unit standard are able to: carry out pre-flight briefing instruction for night flying; carry out in-flight instruction for night flying; carry out post-flight debriefing instruction for night flying; demonstrate knowledge of night flying; and demonstrate knowledge of CAA Rules and Advisory Circulars with respect to authorisations and responsibilities of night flight instructors.
----------------	---

Classification	Aviation > Aircraft Operation
-----------------------	-------------------------------

Available grade	Achieved
------------------------	----------

Entry information	
Critical health and safety prerequisites	Industry requirements are that the candidate must meet the eligibility requirements of the Civil Aviation Act 1990 and the Civil Aviation Rules Part 61 for a Category C or B flight instructor rating and have night flight experience recognised as acceptable by a suitably Qualified Flight Examiner.

Explanatory notes

- 1 The flight covered by this unit standard must be demonstrated in accordance with the Civil Aviation Rules Part 61 and 91, and other relevant rules, published by the Civil Aviation Authority of New Zealand (CAA), PO Box 3555, Wellington 6140, available at <http://www.caa.govt.nz/rules/rules.htm>, and their subsequent amendments.
- 2 This unit standard is aligned with the relevant parts of the prescribed syllabi of the CAA for night flight instruction. Credit will be awarded on meeting the requirements of the CAA-approved assessment or examination as carried out by a Qualified Flight Examiner.
- 3 Definitions, abbreviations, and acronyms used in this unit standard are to be found in:
 - a *Civil Aviation Rules Part 1* on the CAA website at <https://www.caa.govt.nz>, and
 - b *Aeronautical Information Publication (AIP)* published by Aeronautical Information Management (AIM), PO Box 294, Wellington 6140 or on the AIM website at <http://www.aip.net.nz>.
- 4 All references to the CAA refer specifically to the Civil Aviation Authority of New Zealand.

- 5 Industry standards and recommended practices are those set in place by the CAA.
 - 6 Industry texts may include but are not limited to – aircraft flight manuals, CAA Rules, CAA Advisory Circulars, CAA Flight Test Standards Guides, operator exposition.
 - 7 The limitations on Category C and B flight instructors for night flight instruction are specified in Advisory Circular 61-18 accessible at <http://www.caa.govt.nz/rules/ACs.htm>.
-

Outcomes and evidence requirements

Outcome 1

Carry out pre-flight briefing instruction for night flying.

Evidence requirements

- 1.1 Pre-flight briefing instruction is carried out in accordance with industry texts and standards.

Range	instruction includes but is not limited to – objectives, principles of flight and considerations, aircraft management, human factors, air exercise.
-------	---
- 1.2 Ground instructional procedures are demonstrated in accordance with industry texts and standards.

Range	procedures may include but are not limited to – pre-flight briefing delivery, questioning for understanding, use of teaching aids, blackboard and whiteboard technique.
-------	---

Outcome 2

Carry out in-flight instruction for night flying.

Evidence requirements

- 2.1 In-flight instructional procedures are demonstrated in accordance with industry texts and standards.

Range	procedures include but are not limited to – demonstrate, demonstrate and patten, monitor student practice, identify and correct student faults, maintain situational awareness.
-------	---

Outcome 3

Carry out post-flight debriefing instruction for night flying.

Evidence requirements

3.1 Post-flight debriefing instruction is carried out in accordance with industry texts and standards.

Range may include but is not limited to – encouraging student self critique, observations, anomalies, remedies, technique, evaluation, student records.

Outcome 4

Demonstrate knowledge of night flying.

Evidence requirements

4.1 The human and physical factors related to night flying are described in accordance with industry texts and standards.

Range human factors include but are not limited to – judgement of speed and distance, night adaption, autokinetic effect, scanning, depth perception (including black hole effect), threat and error management;
physical factors include but are not limited to – aerodrome layout, light signals, aircraft performance, lighting interpretation, aircraft equipment for night flying.

Outcome 5

Demonstrate knowledge of CAA Rules and Advisory Circulars with respect to authorisations and responsibilities of night flight instructors.

Evidence requirements

5.1 Privileges of night flight instructors are explained in accordance with CAA Rules and Advisory Circulars.

Range includes but is not limited to – night instruction, authorising solo night flight, logbook certification, instructor currency requirements.

5.2 Limitations of night flight instructors are explained in accordance with CAA Rules and Advisory Circulars.

Range includes but is not limited to – first solo, night instruction.

Replacement information	This unit standard replaced unit standard 16328.

Consent and Moderation Requirements (CMR) reference	0169
--	------

This CMR can be accessed at <http://www.nzqa.govt.nz/framework/search/index.do>.

Please note

Providers must be granted consent to assess against standards (accredited) by NZQA, before they can report credits from assessment against unit standards or deliver courses of study leading to that assessment.

Industry Training Organisations must be granted consent to assess against standards by NZQA before they can register credits from assessment against unit standards.

Providers and Industry Training Organisations, which have been granted consent and which are assessing against unit standards must engage with the moderation system that applies to those standards.

Requirements for consent to assess and an outline of the moderation system that applies to this standard are outlined in the Consent and Moderation Requirements (CMR). The CMR also includes useful information about special requirements for organisations wishing to develop education and training programmes, such as minimum qualifications for tutors and assessors, and special resource requirements.
