Guidance information

- 1 The basic principles underpinning tikanga are common, but while there are some constants, the details of performance of tikanga, and their explanation, may differ. These differences may be at a rohe, iwi, hapū, whānau, marae, or hāpori level. The context of the learning should include the tikanga of the local mana whenua, but learning others' tikanga is also encouraged. This is in order to enrich and enhance understanding of tikanga, and the associated reo.
- 2 **Definitions**
Post-colonisation refers to the period of colonial rule in New Zealand post-1863. *Ngā kōrero tuku iho* are Māori stories, or histories, which provide a basis or rationale for Māori belief systems and tikanga. They may be found in Māori oral traditions (such as pūrākau, pakiwaitara, whakapapa, waiata, karanga, or whaikōrero) or in written works. They may also be particular to a marae, whānau, hapū, or iwi; and are often revered as treasured accounts to be passed down the generations. *Tikanga* are Māori values, processes and practices exercised by Māori in their daily lives. These reflect the concepts upon which they are based and provide guidelines for appropriate behaviour and conduct in Māori society. They also prescribe consequences for any breaches or when tikanga is not followed. They can be particular to a rohe, iwi, hapū, whānau, marae, or hāpori.

Outcomes and performance criteria

Outcome 1

Describe the impact of post-colonisation on te ao Māori, in accordance with ngā kōrero tuku iho.

Performance criteria

- 1.1 Rural to urban migration is described.

1.2 Reduced whānau interaction and support are described.

1.3 Continued land alienation is described.

Outcome 2

Describe the effects of post-colonisation on te ao Māori, in accordance with ngā kōrero tuku iho.

Performance criteria

2.1 Reasons for, and outcomes of, rural to urban migration are described.

2.2 Reasons for, and outcomes of, reduced whānau interaction and support are described.

2.3 Reasons for, and outcomes of, the continued land alienation are described.
