Guidance Information

1 Definitions

Key ingredients refer to the distinguishing ingredients of the nail products that are relevant to the client in terms of their needs.

Salon requirements, for the purposes of this unit standard, refers to any policies, procedures, and requirements of the company and/or workplace involved, and any ethical codes of relevant professional management, which collectively provide a standard that applies to all competent performances in this unit standard. It is assumed that such salon requirements exist in all companies and/or workplaces.

- 2 All performances in this unit standard must comply with the requirements of: Consumer Guarantees Act 1993, Fair Trading Act 1986, Health and Safety at Work Act 2015, Privacy Act 1993, Health Act 1956, and their subsequent amendments.

3 Range

In all dealings with clients:

- hygiene, sanitation, and safety procedures must be undertaken to accord maximum client safety in accordance with the Health and Safety at Work Act 2015, including the use of UV sanitisers and autoclaves
- personal presentation, including personal hygiene, must at all times be of a standard that complies with salon requirements
- all beauty services must have the client's prior, informed and signed consent, based on the beauty practitioner's analysis of the client's need and their explanation of the service to the client, during the consultation
- care and comfort of the client must be monitored at all times throughout the service
- a posture must be maintained which ensures minimum postural impairment of the beauty practitioner.

Outcomes and performance criteria

Outcome 1

Demonstrate knowledge of a retail range of nail products for use at home.

Range a retail range of nail products refers to products available within a particular retail brand, which may include but is not limited to – nail polish, polish remover, cuticle creams and oils, nail strengthening products, buffers, hand creams, files; evidence is required for a retail range which includes at least four types of products.

Performance criteria

1.1 Demonstrate knowledge of a retail range of nail products for use at home in terms of use, features, benefits, price and value.

Outcome 2

Select and recommend nail products for use at home.

Performance criteria

2.1 Select and recommend nail products to match requirements for use at home described by the client in accordance with manufacturers' instructions and salon requirements.

Range two nail products for use at home.

2.2 Describe recommended nail products to the client in terms of matching the client's requirements.

Range key ingredients, use, features, benefits, price, value.

2.3 Demonstrate use of recommended products to the client in accordance with manufacturers' instructions and salon requirements.
