-----------------------	---

Available grade	Achieved
------------------------	----------

Guidance Information

Legislation relevant to this unit standard includes –

- Biosecurity Act 1993;
 - Health and Safety at Work Act 2015; and
- any subsequent amendments, available at <http://www.legislation.govt.nz>.

Outcomes and performance criteria

Outcome 1

Describe berth types and scope of services provided in marinas.

Performance criteria

1.1 Berth types are described in terms of suitability of use.

Range berth types – fingered berth, pile mooring, non-fingered berth; suitability – boarding access requirements, boat type, boat size, boat length, customer requirements, access to the fairway.

1.2 Berth rental options are explained in terms of rental type and services.

Range long-term, casual (short-term).

1.3 The range of facilities and services offered with berthage is described in reference to New Zealand marinas.

Range berthage only, hardstand, haul out facilities, amenities.

Outcome 2

Demonstrate knowledge of pollution control in marinas.

Range evidence of four examples of pollution in marinas.

Performance criteria

- 2.1 Pollution is explained in terms of control, impact to the environment, and health and safety risks.
- 2.2 Indicative signs of pollution and remedial actions are described in accordance with marina policies and procedures.
