<b>Classification</b>	Meat Processing > Animal Product Examination
-----------------------	--

<b>Available grade</b>	Achieved
------------------------	----------

### Guidance Information

- Demonstration of competency must be consistent with all relevant legislation and subsequent amendments; this includes but is not limited to:
  - Workplace procedures
  - Industry standards
  - Health and Safety at Work Act 2015
  - Animal Products Act 1999.
- Industry standards refer to Ministry for Primary Industries, *Poultry Industry Standards Council – Poultry Industry Processing Standard 5 (PIPS5)*, available at <http://www.foodsafety.govt.nz/industry/sectors/meat-ostrich-emu-game/meatman/index.htm>.
- Definitions

*Dispositions* – the action of ensuring that examined animal material or animal product with abnormalities is managed in accordance with legislative requirements.

*Workplace procedures* – the verbal and written policies and procedures on safety and operation set down by the employer or organisation.
- In the context of this unit standard, *understanding* means that there should be evidence of a learner's thorough comprehension of a topic. A learner with a good understanding of a topic should have applied, or should be able to apply what they have learnt to a workplace situation and will be able to alter their practices to the different contexts they are applying their learning to. Assessors should be confident that the learner's understanding is embedded in their practices and behaviour.

- 5 Diseases requiring report are those listed in the Ministry for Primary Industries' Notifiable Organisms list, available at <http://www.mpi.govt.nz/protection-and-response/finding-and-reporting-pests-and-diseases/registers-and-lists/>.

## Outcomes and evidence requirements
