Explanatory notes

1 Definitions

Following service may include but is not limited to – haircut, blow wave.

Legislative requirements refer to the obligations of the employer and/or employee under the Health and Safety in Employment Act 1992 and Health (Hairdressers) Regulations 1980.

Non-oxidative hair colour refers to temporary colour and semi-permanent colour.

Semi-permanent colour refers to a colour that lasts 4-6 washes and does not require mixing with a developer.

Temporary colour refers to water-based product.

2 In this unit standard all work must comply with legislative requirements and must ensure optimum hair condition and maximum client comfort at all times.

Outcomes and evidence requirements

Outcome 1

Demonstrate knowledge of the fundamentals of colour for use in hairdressing.

Evidence requirements

1.1 The origin of colour is explained in terms of reflection and absorption.

1.2 The colour wheel, and all its components, is drawn and explained in terms of colour type.

Range primary, secondary, tertiary, counter colours.

- 1.3 Use of the colour wheel is explained in terms of achieving desired outcomes.
Range counteracting unwanted colour reflects, enhancing colour reflects.
- 1.4 Hair colour is described in terms of its effect on the hairshaft.
Range oxidative, non-oxidative.
- 1.5 The characteristics of hair colour are described in terms of its use and effect.
Range oxidative, non-oxidative.

Outcome 2

Demonstrate knowledge of the use of non-oxidative colour.

Evidence requirements

- 2.1 The selection of non-oxidative hair colour is explained in terms of matching hair and scalp, and confirmed outcome.
- 2.2 The process of applying non-oxidative hair colour is explained in terms of client protection, preparation of hair, application techniques, and coverage of colour.

Please note

Providers must be granted consent to assess against standards (accredited) by NZQA, before they can report credits from assessment against unit standards or deliver courses of study leading to that assessment.

Industry Training Organisations must be granted consent to assess against standards by NZQA before they can register credits from assessment against unit standards.

Providers and Industry Training Organisations, which have been granted consent and which are assessing against unit standards must engage with the moderation system that applies to those standards.

Requirements for consent to assess and an outline of the moderation system that applies to this standard are outlined in the Consent and Moderation Requirements (CMRs). The CMR also includes useful information about special requirements for organisations wishing to develop education and training programmes, such as minimum qualifications for tutors and assessors, and special resource requirements.
