**Explanatory notes**

- 1 Definitions  
*Hair type* includes but is not limited to – normal, fine, dry and/or damaged, oily, colour-treated hair, permed hair type. In this unit standard, hair type is determined through a hair and scalp analysis.  
*Legislative requirements* refer to the obligations of the employer and/or employee under the Health and Safety in Employment Act 1992 and Health (Hairdressers) Regulations 1980.
- 2 In this unit standard all work must comply with legislative requirements and must ensure optimum hair condition and maximum client comfort at all times.

**Outcomes and evidence requirements**

**Outcome 1**

Demonstrate knowledge of a professional range of hair products.

Range products within the professional range must include but are not limited to – shampoo, conditioner, wet and dry styling products and treatments.

**Evidence requirements**

- 1.1 The professional range is described in terms of its distinctive features, benefits, and ingredients.

- 1.2 All products within the professional range are described in terms of purpose, suitable hair and scalp types, and application.

## Outcome 2

Select hair products from a professional range to complement salon services.

Range selection of products to complement a minimum of five salon services is required; for each service selection must include but is not limited to the following types of products from the professional range – shampoo, conditioner, styling, finishing, treatments.

## Evidence requirements

- 2.1 Products selected for use in-salon match hair type and scalp requirements.
- 2.2 Products selected for use in-salon match intended outcome of service.
- 2.3 Products selected for recommendation to each client for home haircare are consistent with hair and scalp requirements, and completed service.

<b>Planned review date</b>	31 December 2019

This CMR can be accessed at <http://www.nzqa.govt.nz/framework/search/index.do>.

## Please note

Providers must be granted consent to assess against standards (accredited) by NZQA, before they can report credits from assessment against unit standards or deliver courses of study leading to that assessment.

Industry Training Organisations must be granted consent to assess against standards by NZQA before they can register credits from assessment against unit standards.

Providers and Industry Training Organisations, which have been granted consent and which are assessing against unit standards must engage with the moderation system that applies to those standards.

Requirements for consent to assess and an outline of the moderation system that applies to this standard are outlined in the Consent and Moderation Requirements (CMRs). The CMR also includes useful information about special requirements for organisations wishing to develop education and training programmes, such as minimum qualifications for tutors and assessors, and special resource requirements.
