| <b>Recommended skills and knowledge</b> | Unit standard 28353, <i>Apply basic hygiene practices in the cleaning industry</i> , or demonstrate equivalent skills and knowledge. |

### Explanatory notes

- 1 Work practices must comply with current legislation and be in accordance with organisational requirements.
- 2 *Site* refers to one building or one part of a building with different requirements for different areas, for example different wards of a hospital.
- 3 *Essential hygiene practices* refers to washing hands in accordance with organisational requirements, personal hygiene, and wearing suitable clothing, such as a clean uniform and/or personal protective equipment (PPE).

### Outcomes and evidence requirements

#### Outcome 1

Apply general knowledge of infection prevention and contamination as a cleaner.

#### Evidence requirements

- 1.1 Essential hygiene practices and precautions to prevent infection and contamination are explained and demonstrated.

- 1.2 Illnesses and health conditions which could exclude a person from working in a high-risk environment are identified.
- 1.3 Site and task specific precautions to prevent infection and contamination are identified and adhered to.
- 1.4 Single station equipment and its use are described.

#### Please note

Providers must be granted consent to assess against standards (accredited) by NZQA, before they can report credits from assessment against unit standards or deliver courses of study leading to that assessment.

Industry Training Organisations must be granted consent to assess against standards by NZQA before they can register credits from assessment against unit standards.

Providers and Industry Training Organisations, which have been granted consent and which are assessing against unit standards must engage with the moderation system that applies to those standards.

Requirements for consent to assess and an outline of the moderation system that applies to this standard are outlined in the Consent and Moderation Requirements (CMRs). The CMR also includes useful information about special requirements for organisations wishing to develop education and training programmes, such as minimum qualifications for tutors and assessors, and special resource requirements.
