----------------	--

Classification	Agriculture > Rural Servicing
-----------------------	-------------------------------

Available grade	Achieved
------------------------	----------

Guidance Information

1 Definitions

A *business need* is any improvement required to meet production targets.

Standard operating procedures refer to written or verbal workplace processes and expectations as outlined in position descriptions, person specifications and other workplace policies, and may also include expectations around workplace culture that reflect the expected behaviour when working for a rural servicing company.

- 2 For the purposes of assessment, at least two technical solutions must be analysed and reviewed. Solutions may be applied to more than one client.

Outcomes and performance criteria

Outcome 1

Analyse and review the implementation of rural servicing technical solutions in the primary sector.

Performance criteria

- 1.1 Analyse the client's business goals and own company's standard operating procedures in terms of the implementation of selected technical solutions.
- 1.2 Review the outcomes of the implemented technical solutions and determine recommendations or endorsements to be made in terms of own company's standard operating procedures.

Planned review date	31 December 2027
----------------------------	------------------

Status information and last date for assessment for superseded versions

Process	Version	Date	Last Date for Assessment
