| | |
|-----------------------|---|
| Classification | Meat Processing > Meat Processing - Core Skills |
|-----------------------|---|

| | |
|------------------------|----------|
| Available grade | Achieved |
|------------------------|----------|

Explanatory notes

- 1 Evidence requirements must be consistent with all relevant legislation and subsequent amendments; this includes but is not limited to:
 - Workplace procedures
 - Health and Safety at Work Act 2015
 - Animal Products Act 1999.

- 2 Definition
Workplace procedures refer to policies and procedures on safety and operation set down by the employer or host organisation when working on a meat processing operation.

Outcomes and evidence requirements

Outcome 1

Identify meat cuts in a meat processing operation.

Range evidence is required for at least five meat cuts.

Evidence Requirements

- 1.1 Identify and name meat cuts.
- 1.2 Identify the quality aspects of meat cuts in accordance with customer specifications.
- 1.3 Identify the location on a carcass from which each cut is derived.
- 1.4 Identify unsuitable meat cuts.

Please note

Providers must be granted consent to assess against standards (accredited) by NZQA, before they can report credits from assessment against unit standards or deliver courses of study leading to that assessment.

Industry Training Organisations must be granted consent to assess against standards by NZQA before they can register credits from assessment against unit standards.

Providers and Industry Training Organisations, which have been granted consent and which are assessing against unit standards must engage with the moderation system that applies to those standards.

Requirements for consent to assess and an outline of the moderation system that applies to this standard are outlined in the Consent and Moderation Requirements (CMR). The CMR also includes useful information about special requirements for organisations wishing to develop education and training programmes, such as minimum qualifications for tutors and assessors, and special resource requirements.

Comments on this unit standard
