

Title	Complete ante-mortem examination of lambs used for human consumption		
Level	4	Credits	10

Purpose	<p>This unit standard is for people who are employed in a meat processing operation to carry out ante-mortem examinations of lambs used for human consumption.</p> <p>People credited with this unit standard are able to: demonstrate understanding of requirements for lambs handling in a meat processing operation; examine lambs in enclosures in a meat processing operation; detect and diagnose diseases and defects in lambs, make judgements and apply dispositions to examined animals in a meat processing operation.</p>
----------------	---

Classification	Meat Processing > Animal Product Examination
-----------------------	--

Available grade	Achieved
------------------------	----------

Guidance Information

- 1 Demonstration of competency for all outcomes must be consistent with all relevant legislation and subsequent amendments; this includes but is not limited to:
 - Workplace procedures
 - Industry standards
 - Health and Safety at Work Act 2015
 - Animal Products Act 1999
 - Animal Welfare Act 1999
 - Manufacturer's guidelines for equipment use.
- 2 Industry standards refer to:
 - Ministry for Primary Industries' Operational Codes available at - <http://www.foodsafety.govt.nz/elibrary/industry/red-meat-code-practice/index.htm>
 - Ministry for Primary Industries' standards available at <http://www.foodsafety.govt.nz/industry/sectors/meat-ostrich-emu-game/meatman/>
 - Overseas Market Access Requirements (OMARs).
- 3 Definitions

Workplace procedures refer to the verbal and written procedures on safety and operation set down by the employer or organisation.

Dispositions – action of ensuring examined animal material that has abnormalities is managed in accordance with legislative requirements.

- 4 In the context of this unit standard, *understanding* means that there should be evidence of a learner's thorough comprehension of a topic. A learner with a good understanding of a topic should have applied, or should be able to apply what they have learnt to a workplace situation and will be able to alter their practices to the different contexts they are applying their learning to. Assessors should be confident that the learner's understanding is embedded in their practices and behaviour.
- 5 Diseases requiring report are those listed in the Ministry for Primary Industries' Notifiable Organisms list, available at <http://www.mpi.govt.nz/protection-and-response/finding-and-reporting-pests-and-diseases/registers-and-lists/>.

Outcomes and performance criteria

Outcome 1

Demonstrate understanding of requirements for handling lambs in a meat processing operation.

Performance criteria

- 1.1 Describe at least seven features of enclosures that inhibit stock handling and movement.
- 1.2 Describe the techniques for moving animals in enclosures.
- 1.3 Describe the characteristics of young animal behaviour, moving animal behaviour and sick animal behaviour.
- 1.4 Demonstrate at least four techniques that enhance operator safety in enclosures.

Outcome 2

Examine lambs in enclosures in a meat processing operation.

Performance criteria

- 2.1 Examine animals closely consistent with ante-mortem examination procedures.
- 2.2 Prepare and use ante-mortem examination equipment.
- 2.3 Apply ear tags where required.

Outcome 3

Detect and diagnose diseases and defects in lambs, make judgements and apply dispositions to examined animals in a meat processing operation.

Evidence requirements

- 3.1 Detect and diagnose diseases and defects seen during ante-mortem examination.
- 3.2 Make judgements on ante-mortem examination findings, and apply dispositions to inspected animals.

Planned review date	31 December 2022
