

Title	Design monumental memorials		
Level	4	Credits	10

Purpose	<p>This unit standard is intended for those working in the stonemasonry industry.</p> <p>People credited with this unit standard are able to design monumental memorials to the level of performance required of a commercially competent monumental mason.</p>
----------------	---

Classification	Masonry > Monumental Masonry
-----------------------	------------------------------

Available grade	Achieved
------------------------	----------

Guidance Information

1 Assessment

This unit standard is one of a family of standards intended to align with the *New Zealand Certificate in Stonemasonry – Specifications*, and the *New Zealand Certificate in Stonemasonry (Level 4) with strands in Monumental Masonry, Construction Stonemasonry, and Natural Stone Fixtures and Fittings (with optional strands in Banker Masonry, and Conservation and Preservation)* [Ref: 2737].

Evidence for this unit standard must reflect commercial competence.

Commercial competence requires the candidate to demonstrate knowledge and skills in the context of the currently accepted requirements of a business operating in a commercial environment.

Commercial competence must be confirmed by a person who has current expertise in the stonemasonry trade.

2 Definitions

Workplace procedures refer to the documented procedures specific to a workplace which sets out the standard and the required practices of that workplace, which may include workplace codes of conduct, workplace safety policies and management plans, job specifications, and building requirements.

3 Legislation, standards and guidance information relevant to this standard includes the following, and any subsequent amendments and replacements:

- Health and Safety at Work Act 2015.
- *New Zealand Certificate in Stonemasonry – Specifications*, Waihanga Ara Rau, February 2023, available from www.waihangaarau.nz.
- NZS 4242:2018 *Headstones and cemetery monuments*, available from Standards New Zealand www.standards.govt.nz.

Skill specification and performance level guidance

Skill specification

Design monumental memorials.

Knowledge

The composition, layout and design principles associated with new and existing monumental memorial design.

Range design work includes – additions, alterations.

The conventions around typography and graphics used in new and existing monumental memorial design.

Skills

Produce sketch designs for new and existing monumental memorials.

Range includes – two-dimensional, three-dimensional, use of text, use of graphics.

Produce finished designs for new and existing monumental memorials.

Range may include – designs generated by hand, designs generated by computer aided design (CAD).

Performance level guidance

Performance must reflect legislative requirements and workplace procedures relevant to monumental masonry.

Monumental stonemasons must demonstrate an appropriate level of sensitivity towards those who are recently bereaved – including respecting different cultures, religions and neighbouring graves.
