

Title	Dismantle, inspect, assemble and test simple marine system components		
Level	3	Credits	10

Purpose	People credited with this unit standard are able to dismantle, inspect, and repair or replace; assemble, and test simple marine system components.
----------------	--

Classification	Boating Industries > Boatbuilding
-----------------------	-----------------------------------

Available grade	Achieved
------------------------	----------

Guidance Information

- 1 All work practices must meet recognised codes of practice and documented workplace health and safety procedures (where these exceed code) for personal, product, and workplace health and safety, and must meet the obligations required the Health and Safety at Work Act 2015, Resource Management Act 1991, and Hazardous Substances and New Organism Act 1996, and any subsequent amendments.
- 2 **Definitions**
Simple marine system components refer to simple items or parts of marine machinery or equipment. These items or parts may include but are not limited to gate valve, ball valve, or couplings.
Job specifications refers to the standard requirements of the job being undertaken.
Workplace policies and procedures refers to the documented procedures and policies providing guidelines of the tasks and activities carried out in the workplace. This typically includes relevant health and safety requirements to eliminate hazard/risk in the workplace.
- 3 **Range**
Evidence of at least two simple components is required.

Outcomes and performance criteria

Outcome 1

Dismantle simple marine system components.

Performance criteria

- 1.1 Components are dismantled in accordance with workplace policies and procedures.

Outcome 2

Inspect, and repair or replace simple marine system components.

Performance criteria

- 2.1 Components are inspected to conform to manufacturer's specifications and in accordance with job specifications.
- 2.2 Faulty components are assessed for repair or replacement, in accordance with workplace policies and procedures.
- 2.3 Faulty components are repaired or replaced in accordance with workplace policies and procedures.

Outcome 3

Assemble and test simple marine system components.

Performance criteria

- 3.1 Components are assembled in accordance with workplace policies and procedures.
- 3.2 Assembled components are tested, documented, and remedial action is taken if required to ensure assembled components conform to manufacturer's and job specifications.

Planned review date	31 December 2022
----------------------------	------------------

Status information and last date for assessment for superseded versions

Process	Version	Date	Last Date for Assessment
Registration	1	14 December 2017	N/A

Consent and Moderation Requirements (CMR) reference	0136
