Service information may include – technical information for a vehicle, machine, or product detailing operation; installation and servicing procedures; manufacturer instructions; technical terms and descriptions; and detailed illustrations.

Outcomes and performance criteria**Outcome 1**

Diagnose and repair heavy vehicle or machine induction system faults.

Range evidence of two separate faults is required.

Performance criteria

1.1 Induction system faults are diagnosed.

1.2 Induction system faults are repaired.

Outcome 2

Diagnose and repair heavy vehicle or machine forced induction system faults.

Range evidence of two separate faults is required.

Performance criteria

2.1 Forced induction system faults are diagnosed.

2.2 Forced induction system faults are repaired.

Outcome 3

Diagnose and repair heavy vehicle or machine exhaust system faults.

Range evidence of two separate faults is required.

Performance criteria

3.1 Exhaust system faults are diagnosed.

3.2 Exhaust system faults are repaired.

Planned review date	31 December 2023
