Title	**Cast fibrous plaster decorative mouldings**		
Level	**4**	**Credits**	**12**

Purpose	This unit standard aligns with the *New Zealand Certificate in Fibrous Plaster Manufacture – Specifications*, developed on behalf of the fibrous plaster manufacture industry to specify the skills and knowledge required to achieve the New Zealand Certificate in Fibrous Plaster Manufacture (Level 4) with an optional strand in Specialist Models and Mould Making [Ref: 3062]. This unit standard is intended for those working in the fibrous plaster manufacturing industry. People credited with this unit standard are able to cast fibrous plaster decorative mouldings to the level required of a commercially competent fibrous plaster manufacturer.

Classification	Construction Trades > Fibrous Plaster

Available grade	Achieved

Guidance Information

This unit standard is one of a family of standards that align with the *New Zealand Certificate in Fibrous Plaster Manufacture – Specifications* and should be read, interpreted and assessed in the context of those *Specifications* and the New Zealand Certificate in Fibrous Plaster Manufacture (Level 4) with an optional strand in Specialist Models and Mould Making [Ref: 3062].

The overarching level of performance for the family of unit standards is commercial competence.

Commercial competence requires a candidate to be capable of consistently performing the requirements of the unit specification:

- to current regulatory, industry and commercial standards
- within a commercially viable timeframe
- in commercial environments
- without supervision
- in different and unfamiliar contexts.

The sufficiency of evidence required to demonstrate commercial competence against this unit standard is determined within the context of the family of unit standards aligned to the *Specifications.*

© New Zealand Qualifications Authority 2025

The assessor must be confident that the candidate is capable of applying the skills and knowledge included in this skill specification to the level, scope and complexity required to support the achievement of related skills included in the *Specifications*.

Commercial competence can only be demonstrated, and must be assessed, in the workplace.

The assessment of commercial competence must be corroborated and confirmed by a person who has current expertise in the fibrous plaster manufacture trade and has had the opportunity to regularly observe the candidate in the workplace.

Skill specification and performance level guidance

Skill specification

Cast fibrous plaster decorative mouldings.

Know Features of the different types of fibrous plaster decorative mouldings.

How to prepare and use different types of moulds.

Methods of casting different types of fibrous plaster decorative mouldings.

Methods of storing and drying fibrous plaster decorative mouldings.

The ratios of ingredients for plaster gauges used in the manufacture of fibrous plaster decorative mouldings.

Do Prepare moulds to cast fibrous plaster decorative mouldings.

Cast fibrous plaster decorative mouldings.

Remove decorative mouldings from the mould.

Store green decorative mouldings to dry.

Performance level guidance

Types of fibrous plaster decorative mouldings include ceiling centres, ceiling domes, corbel and embellishments.

Features include size, form, shape, pattern, and formation of back and edges.

The quantity of fibrous plaster decorative mouldings required to be cast in any given day depends on the size, shape and complexity of the product; the availability, quality and set-up of tables and moulds; setting times appropriate to the product; and production requirements.

© New Zealand Qualifications Authority 2025

Casting includes – mixing and applying plaster gauges, adding reinforcement, screeding or forming the back.

Types of moulds include – plaster, rubber, fiberglass, timber.

Green decorative mouldings refer to freshly cast mouldings yet to be dried.

Planned review date	31 December 2027

Status information and last date for assessment for superseded versions

Process	Version	Date	Last Date for Assessment
Registration	1	30 August 2018	N/A
Rollover	2	27 April 2023	N/A
Rollover and Revision	3	28 August 2025	N/A
