

Title	Demonstrate knowledge of working safely as a general worker on a worksite under temporary traffic management		
Level	2	Credits	3

Purpose	<p>This standard is intended for a general worker on a worksite under temporary traffic management (TTM). It is an introduction to TTM and the requirements of the Code of Practice for Temporary Traffic Management (CoPTTM).</p> <p>People credited with this unit standard are able to demonstrate knowledge of working safely as a general worker on a worksite under temporary traffic management.</p>
----------------	---

Classification	Infrastructure Works > Temporary Traffic Management
-----------------------	---

Available grade	Achieved
------------------------	----------

Guidance Information

1 Learning and assessment for this unit standard must be in accordance with the following:

- Health and Safety at Work Act 2015;
- Resource Management Act 1991;
- Land Transport Act 1998;
- Land Transport Rule: Setting of Speed Limits 2017;
- Land Transport (Road User) Rule 2004;
- *Code of practice for temporary traffic management (CoPTTM)*;
- and all subsequent amendments and replacements.

2 Knowledge can be demonstrated using simulated scenarios that are relevant to TTM worksite.

Assessment for this unit standard must use the Waka Kotahi NZ Transport Agency approved assessments and a registered Assessor.

3 Definitions

Company requirements include the policy, procedures, and methodologies of the company. They include legislative and regulatory requirements that may apply across the company or to a specific worksite. Requirements are documented in the company health and safety plans, traffic management plans (TMPs), contract work programmes, quality plans, policies, and procedural documents.

TTM equipment refers to equipment specifically used for TTM, including worksite protection, and may include but is not limited to temporary signs, delineation devices, temporary road safety barriers, and rotating flashing beacons.

Worksite refers to the section of road defined at each end by advance warning and end of works signs.

Outcomes and performance criteria

Outcome 1

Demonstrate knowledge of working safely as a general worker on a worksite under temporary traffic management.

Performance criteria

- 1.1 Common hazards within the working space of a TTM worksite are explained in terms of how to identify and reduce associated risk in accordance with company requirements.
- 1.2 The roles and responsibilities of personnel working on or alongside a TTM worksite are explained in terms of who to contact if there is an issue with the TTM controls.
- 1.3 The importance of attending a TTM safety briefing is explained in terms of the content in accordance with CoPTTM.
- 1.4 Personal protective equipment for working within or alongside a TTM worksite is explained in terms of the purpose and importance of wearing it in accordance with company requirements.
- 1.5 Safety zones and no-go zones on a TTM worksite are described in terms of location, purpose and their role in the safety of the TTM worksite.
- 1.6 TTM equipment used to control worksite access, exit, and haul routes are explained in terms of purpose and use for a TTM worksite.
