----------------	---

Classification	Recreation and Sport > Recreation and Sport - Coaching and Instruction
-----------------------	--

Available grade	Achieved
------------------------	----------

Guidance Information

- 1 All learning and assessment against this standard must be carried out in accordance with the following:
 - relevant legislation including Health and Safety at Work Act 2015, Privacy Act 1993, Children's Act 2014 and Human Rights Act 1993;
 - industry codes and guidelines, including The Official New Zealand Code for Cyclists;
 - ACC SportSmart (Cycling) framework;
 - organisational policies and procedures including Emergency Action Plans (EAPs), Standard Operating Procedures (SOPs), and the use of personal protective equipment (PPE);
 - Treaty of Waitangi | Te Tiriti o Waitangi principles of partnership, protection and participation.

- 2 All learning and assessment leading towards this standard must be carried out in accordance with national cycle skills training guidelines. The current national cycle skills training guidelines are the BikeReady Cycle Skills Training Guidelines published by New Zealand Transport Agency
<https://bikeready.govt.nz/instructors/bikeready-guidelines/>.

Outcomes and performance criteria

Outcome 1

Demonstrate knowledge of generic, site-specific and dynamic hazard identification and risk management for cycle skills environments.

Performance criteria

- 1.1 Describe the basic principles of risk management.
- 1.2 Describe the purpose and use of risk management tools used in cycle skills training.
- Range risk management tools may include but are not limited to – hazard register, risk assessment and management plan (including an emergency action plan), organisational safety management system, emergency response system, equipment registers and logs.
- 1.3 Describe common hazards that occur during cycle skills training.
- Range minimum of two.
- 1.4 Describe emergency management procedures as relevant to cycle skills training and organisational requirements.

Outcome 2

Apply hazard identification and risk management for cycle skills training sessions.

Performance criteria

- 2.1 Identified hazards for cycle skills training sessions are managed in accordance with the risk management plan.
- 2.2 Constantly scan environment throughout the cycle skills training session to anticipate risks and hazards, and implement risk management strategies in accordance with organisational requirements.
- Range may include but is not limited to – participant behaviour, loss of or damage to bike or equipment, traffic conditions, weather conditions, road layout or complexity.
- 2.3 Manage any incident that occurs during the cycle skills training session in accordance with the emergency action plan and organisational requirements.
