3 Definitions

Best practice – an industry approved current method or way of doing something that, in the circumstances, achieves the required outcome.

Organisational policy and procedures – refers to instructions to staff on policies, procedures, and methodologies which are documented and are available in the workplace.

Relevant instructions – oral, written or electronically transmitted instructions issued to govern the performance of security tasks, duties, and responsibilities. These may be in the form of policies, procedures, manuals, directives, or legal and compliance requirements. They may relate to a particular assignment, organisation, site or operation of equipment.

Security context – the circumstances in which the security officer works: the security industry and the legal and compliance framework in which the security officer operates including relevant instructions.

Outcomes and performance criteria

Outcome 1

Demonstrate knowledge of the functions and attributes of a team leader in a security context.

Performance criteria

1.1 Explain functions of a team leader leading a security team in accordance with relevant instructions.

Range functions may include but is not limited to – communication with team members, higher management and clients; delegate tasks; organise people and other resources; motivate the team including encouraging self-motivation within individual team members; monitor and review progress towards established goals; monitor and review individual and team performance; planning best use of resources relative to recognised goals; mentoring; evidence of a minimum of five functions is required.

1.2 Describe personal attributes required of a team leader when on the job in a security context.

Range may include but is not limited to – sympathetic, organised, motivating, decisive, knowledgeable, discreet, fair, approachable, effective; evidence of a minimum of five attributes is required.

Outcome 2

Apply knowledge of leading a security team.

Performance criteria

2.1 Check team members have reported for duty in accordance with relevant instructions.

Range time, location, uniform, appearance, authorisation, personal standards.

2.2 Use communication skills in accordance with best practice to determine team members’ understanding of the relevant instructions.

Range communication must include – team objectives, personal roles, expected standards of performance, communication and reporting requirements.

2.3 Monitor team progress towards completion of assigned tasks and review to ensure that decisions are made to meet objectives in accordance with relevant instructions.

2.4 Identify and acknowledge individual team efforts and contributions in accordance with organisational policy and procedures and/or best practice.

2.5 Identify and address team members’ skills gaps in accordance with organisational policy and procedures.

Range may include but is not limited to – procedures, literacy, communication skills, performance.

2.6 Give performance feedback to develop team members in accordance with relevant instructions.

Range must include but is not limited to – performance, behaviour.

Outcome 3

Evaluate own performance as a team leader in a security context.

Performance criteria

3.1 Evaluate own performance against briefing content and relevant instructions.

3.2 Evaluate own performance in terms of own function and attributes transferrable to other assignments.
