Australian standards (AS) may be found at www.standards.org.au;
Australian/New Zealand standards (AS/NZS) may be found at www.standards.govt.nz.
- 5 Any new, amended or replacement Acts, regulations, standards, codes of practice, guidelines, or authority requirements or conditions affecting this unit standard will take precedence for assessment purposes, pending review of this unit standard.

6 Definition

Company procedures mean the documented methods for performing work activities, and include health and safety, operational, environmental, and quality management requirements. They may refer to legislation, regulations, guidelines, standard operating procedures, manuals, codes of practice, or policy statements.

Outcomes and performance criteria

Outcome 1

Demonstrate knowledge of personal protection equipment in the gas industry.

Performance criteria

1.1 The use, fit and application of personal protective equipment is described.

Range head protection, foot protection, eye protection, face shields, skin protection, ear protection, respiratory protection.

1.2 Assessment of personal protective equipment to determine condition is described.

Range wear and tear, expiry date, damage, hygiene, contamination.

1.3 Personal protective equipment controls are identified in accordance with site requirements.

Range register, testing, audit, replacement.

Planned review date	31 December 2024
----------------------------	------------------

Status information and last date for assessment for superseded versions

Process	Version	Date	Last Date for Assessment
Registration	1	26 March 2020	N/A

Consent and Moderation Requirements (CMR) reference	0014
--	------
