Guidance Information

- 1 Legislation
Health and Safety at Work Act 2015.
- 2 Definitions

Accepted industry practice – approved codes of practice and standardised procedures accepted by the wider upholstery industry as examples of best practice.

Railroad fabric starts its weave on one selvedge and weaves across to the other selvedge.

Standard direction fabric starts its weave at the beginning of the roll and weaves along to the end of the roll.

Workplace procedures refer to organisation policies and procedures. They may include but are not limited to – standard operating procedures, site specific procedures, site safety procedures, equipment operating procedures, quality assurance procedures, product quality specifications, references, approved codes of practice, housekeeping standards, environmental considerations, on-site briefings, supervisor’s instructions, and procedures to comply with legislative and local body requirements relevant to the industry sector.
- 3 Range
Competence may be demonstrated for either railroad fabric or standard direction fabric. The cutting plan produced must be for either an armchair or settee.
- 4 Assessment information
All activities and evidence must be in accordance with workplace procedures and accepted industry practice.
