### Guidance Information

- 1 Legislation  
Health and Safety at Work Act 2015.  
Hazardous Substances and New Organisms Act 1996.  
Resource Management Act 1991.
- 2 Definitions  
*Accepted industry practice* – approved codes of practice and standardised procedures accepted by the wider furniture industry as examples of best practice.  
*Workplace procedures* refer documented policies and procedures set by the organisation carrying out the work, and to documented or other directions provided to staff, and applicable to the tasks being carried out. They may include but are not limited to – standard operating procedures, site-specific procedures, site safety procedures, equipment operating procedures, quality assurance procedures, product quality specifications, references, approved codes of practice, housekeeping standards, environmental considerations, on-site briefings, supervisor’s instructions, and procedures to comply with legislative and local body requirements relevant to the furniture industry sector.
- 3 Range  
Equipment, materials, and method selected must be suitable for plastic furniture painting.  
Evidence of preparing to spray paint three different items of plastic furniture is required.
- 4 Assessment information  
All activities and evidence must be in accordance with workplace procedures and accepted industry practice.

## Outcomes and performance criteria
