----------------	---

Classification	Furniture > Furniture Finishing
-----------------------	---------------------------------

Available grade	Achieved
------------------------	----------

Guidance Information

- 1 Legislation
Health and Safety at Work Act 2015.
Hazardous Substances and New Organisms Act 1996.
Resource Management Act 1991.
- 2 Definitions
Accepted industry practice – approved codes of practice and standardised procedures accepted by the wider furniture industry as examples of best practice.
Workplace procedures refer to documented policies and procedures set by the organisation carrying out the work, and to documented or other directions provided to staff, and applicable to the tasks being carried out. They may include but are not limited to – standard operating procedures, site specific procedures, site safety procedures, equipment operating procedures, quality assurance procedures, product quality specifications, references, approved codes of practice, housekeeping standards, environmental considerations, on-site briefings, supervisor’s instructions, and procedures to comply with legislative and local body requirements relevant to the furniture industry sector.
- 3 Range
Evidence of coating of two different furniture items on site is required.
- 4 Assessment information
All activities and evidence must be in accordance with workplace procedures and accepted industry practice.

Outcomes and performance criteria

Outcome 1

Create a controlled environment for coating furniture on site.

Performance criteria

- 1.1 Controlled environment is created and maintained for a furniture coating project.

Range control methods may include but are not limited to – tenting, heating, air filtering system.

Outcome 2

Prepare surface, materials, and equipment for coating furniture on site.

Performance criteria

- 2.1 Protection is applied to equipment, fittings, furnishings, and surfaces.
- 2.2 Actions are taken to ensure that the work area is kept free of surface contaminants.
- 2.3 Materials and equipment are prepared for coating.
- 2.4 Furniture surfaces are prepared for painting.

Range bare, previously coated, unsound.
- 2.5 Protection for areas not to be coated is applied.

Outcome 3

Apply coatings to furniture on site.

Performance criteria

- 3.1 Safe work practices are followed when coating.
- 3.2 Coatings are applied in accordance with manufacturer’s specifications and job specifications.

Range may include but is not limited to – rust guards, undercoats, final finishing.
- 3.3 Finished coatings are checked, and action is taken if required, to ensure job specifications are met.
