Guidance Information

- 1 All learning and assessment leading to this unit standard must be carried out in accordance with the following as relevant:
 - legislation including Health and Safety at Work Act 2015 and subsequent amendments;
 - current industry best practice and industry guidelines (where available) including *Safe Rigging Practices for the Entertainment Industry in New Zealand*, June 2015, and *A Guide for Safe Working Practices in the New Zealand Theatre & Entertainment Industry*, April 2018, or replacements that supersede these guidelines, are available from the Entertainment Technology New Zealand (ETNZ) website, www.etnz.org. Additional relevant guidelines are available from the WorkSafe website, www.worksafe.govt.nz.
- 2 Definitions

Organisational or production requirements refer to the documented expectations, processes, methodologies and rules of etiquette in place for a specific organisation, venue, production or event.

Production or event includes but are not limited to – events, performances, conferences, large meetings, film and television, broadcasts, livestream, concerts, stage shows, theatre, studios, dance shows, cultural performance, sporting events, music performances, competitive events, circus, festivals, trade shows, and exhibitions. May be inside or outdoors.
- 3 The Entertainment and Event Technology (Level 5) programme guidance document should be consulted when developing assessments leading to this unit standard. It can be found at www.skillsactive.org.nz.

Outcomes and performance criteria

Outcome 1

Establish operational processes for the successful implementation of the stage mechanics requirements for a production or event.

Performance criteria

- 1.1 Establish communication methods for stage mechanics team to meet organisational or production requirements.
- 1.2 Establish decision making processes to meet stage mechanics team, management, and event requirements.
- 1.3 Communicate the safe work methodology for the implementation of the stage mechanics requirements.

Outcome 2

Coordinate a stage mechanics team to implement the stage mechanics requirements for a production or event.

Performance criteria

- 2.1 Monitor work plan and targets to meet implementation deadlines for a production or event.
- 2.2 Communicate any changes in timelines or requirements to stage mechanics team.
- 2.3 Update workplans to reflect any new requirements in conjunction with other departments.
- 2.4 Monitor performance of stage mechanics team in terms of targets, deadlines, professionalism, and responsiveness.

Outcome 3

Lead the implementation of the stage mechanics requirements in terms of equipment for a production or event.

Performance criteria

- 3.1 Lead the installation of equipment to meet the stage mechanics requirements.
- 3.2 Lead the commissioning of stage mechanics systems and processes and trouble shoot as required to complete implementation.
- 3.3 Monitor and maintain stage mechanics systems and processes to ensure effective operation during production or event.

- 3.4 Facilitate and monitor safe working practices during the implementation of stage mechanics requirements.

Outcome 4

Complete post-production processes for a stage mechanics function within a production or event.

Performance criteria

- 4.1 Lead the removal of stage mechanics equipment post-production or event.
- 4.2 Complete post-production documentation processes for a stage mechanics function.
- Range may include but is not limited to – archiving plans, completing as built documentation, supply information as required for final invoicing.
- 4.3 Contribute to post-production debriefs and reporting in relation to stage mechanics function.
- 4.4 Self-reflect on own performance to identify successes and areas for improvement.

Planned review date	31 December 2026
