

Title	Demonstrate knowledge of motor vehicle identification plates and specifications		
Level	3	Credits	5

Purpose	A person credited with this standard can demonstrate knowledge of motor vehicle identification plates and specifications.
----------------	---

Classification	Glass and Glazing > Automotive Reglazing
-----------------------	--

Available grade	Achieved
------------------------	----------

Guidance Information

- 1 Evidence generated for assessment against this standard must reflect workplace and industry requirements specified in:
 - statutory and regulatory requirements applicable to the automotive reglazing industry.
 - documented worksite specifications, procedures, and practices.
 - manufacturer recommendations, specifications, and technical data sheets.
 - applicable material safety data sheets.

- 2 Reference
 Land Transport Rule - Vehicle Standards Compliance 2002 Rule 35001/2002, available at <https://www.nzta.govt.nz/assets/resources/rules/docs/vehicle-standards-compliance-2002-as-at-1-may-2021.pdf>.

Outcomes and performance criteria

Outcome 1

Demonstrate knowledge of motor vehicle identification plates and specifications.

Performance criteria

1.1 Explain the purpose of a vehicle identification plate.

Range plate location, parts ordering, colour matching, trim matching, vehicle identification, record keeping.

1.2 Explain the purpose and use of vehicle identification codes.

Range body code, paint code, trim code, engine code, lens code, vehicle identification number.

- 1.3 Explain the purpose of vehicle specifications.
- Range identifying body and mechanical parts, identifying body measurements, identifying paint and trim types and colours, identifying date and year of manufacture, measurements, parts and material ordering.
- 1.4 Describe how to use vehicle manufacturer specifications to identify vehicle body dimensions and paint and trim specifications.
- 1.5 Describe how to use motor vehicle identification plates and specifications when fitting or replacing automotive glass.

Planned review date	31 December 2026
----------------------------	------------------

Status information and last date for assessment for superseded versions

Process	Version	Date	Last Date for Assessment
Registration	1	24 February 2022	N/A

Consent and Moderation Requirements (CMR) reference	0048
