Guidance Information

- 1 This unit standard is intended for use in programmes leading to the New Zealand Certificate in Construction Trades Supervision (Level 5) with strands in Commercial Construction, Construction Related Manufacturing, Construction Related Trades, and Residential Building [Ref: 4237].

This unit standard is suitable for recognising skills and knowledge in commercial construction, construction-related manufacturing, construction-related trades, residential building.

- 2 **Assessment**
This unit standard must be assessed:
 - in construction workplace conditions that reflect current health, safety, industry, and workplace requirements; and
 - in everyday contexts within the scope of own role supervising construction-related work programmes.

Evidence generated for assessment against this standard must be verified by a person who has current expertise in supervision in the relevant construction industry sector and has had the opportunity to regularly observe the candidate in the workplace.

- 3 **Legislation**
Building Act 2004, Building Amendment Act 2012, Employment Relations Act 2000, Hazardous Substances and New Organisms Act 1996, Health and Safety at Work Act 2015, Human Rights Acts 1993, Resource Legislation Amendment Act 2017, Resource Management Act 1991;
Building Regulations 2002, The New Zealand Building Code.

- 4 **Definition**
Construction work programme is the schedule of activities for a construction contract.
