Guidance Information

- 1 Legislation, regulations and/or industry standards relevant to this unit standard include but are not limited to the:
Health and Safety at Work Act 2015.

Any new, amended or replacement Acts, regulations, standards, codes of practice, guidelines, or authority requirements or conditions affecting this unit standard will take precedence for assessment purposes, pending review of this unit standard.

2 Definitions

Aesthetic – refers to the visual style and combined quality of elements such as composition, form and use of colour in a sign or object.

Service information – refers to the recommended use and maintenance of machinery, tools and equipment by the manufacturer or supplier.

Workplace procedures – refer to organisation policies and procedures that are documented in memo, electronic, or manual format and available in the workplace, and are consistent with manufacturer's requirements. They may include but are not limited to – standard operating procedures, site specific procedures, site safety procedures, equipment operating procedures, quality assurance procedures, product quality specifications, references, approved codes of practice, housekeeping standards, environmental considerations, on-site briefings, supervisor's instructions, and procedures to comply with legislative and local body requirements relevant to the signmaking sector.

3 Range

Evidence must include a minimum of five sign designs including:

- safety or informational text based panel sign containing a minimum of 50 words,
- poster or banner advertising a retail or event promotion,
- footpath sign advertising a retail shop,
- mural or wall graphic containing photographic elements combined with vector logos and/or text,
- vehicle design including computer-cut and digitally printed elements.

4 It is recommended that people hold credit for Unit 33062, *Demonstrate knowledge of sign design*, before being assessed against this unit standard.

5 Assessment information
