Guidance Information

1 Definitions

A commercially acceptable timeframe varies for different hairdressing services. Times reflect performance required to support a commercial salon's profitability. This timeframe will reflect industry standards and will be stipulated to the candidate by the assessor.

Legislative requirements refer to the obligations of the employer and/or employee under the Health and Safety at Work Act 2015 and Health (Hairdressers) Regulations 1980.

Stylist must be fully qualified in hairdressing and have the expertise to consult and select colour and developer for the client being used for assessment.

Workplace requirements mean the practices prescribed by management as being the quality standards for client contact and work organisation for a particular salon.

2 In this unit standard all work must comply with legislative requirements and must ensure optimum hair condition and maximum client comfort at all times.

3 Range

Application and removal of oxidative colouring product for at least one retouch and one full head colour.

4 Colouring products to be used will have been pre-selected by a stylist.

Outcomes and performance criteria

Outcome 1

Prepare client for application of colouring service.

Performance criteria

- 1.1 Stylist is consulted and colour selected and application process is confirmed.
- Range colour selection, developer, application technique.
- 1.2 An allergy test is carried out on client in accordance with manufacturer's instructions.
- 1.3 Required equipment and tools are selected.
- Range may include – bowls; tint brush; sectioning comb; sectioning clips; colouring tools; towels, apron, gloves and cape; manufacturer's instructions.
- 1.4 The client is protected for the required service in accordance with manufacturer's instructions and the expectations of the salon environment.
- 1.5 Hair is prepared for colouring in accordance with manufacturer's instructions and confirmed outcome.

Outcome 2

Mix and apply the colouring product.

Performance criteria

- 2.1 Hair colour and developer are measured, mixed, and applied in consultation with stylist, following manufacturer's instructions, and in accordance with confirmed outcome.
- Range must include – retouch or full head application and a commercially current colouring service using a variety of colouring products; even coverage, maximum hair protection.
- 2.2 Colour is processed in accordance with client's history and stylist and manufacturer's instructions to maximise ultimate hair protection and condition.
- Range may include – confirmation from stylist.

Outcome 3

Remove oxidative colouring product from hair and scalp.

Performance criteria

- 3.1 Colour is removed and conditioned in accordance with stylist and manufacturer's instructions.
- 3.2 Application, processing and removal of the colouring service is completed within a timeframe agreed with stylist.

Outcome 4

Complete the service experience.

Performance criteria

- 4.1 Hair is prepared for the following finishing service.

Range may include but is not limited to – blow dry.
- 4.2 Home haircare advice is provided consistent with client’s hair type and completed service.

Range maintenance advice and product recommendations.
- 4.3 Client history is updated in accordance with workplace requirements.
- 4.4 Tools and equipment are sanitised in accordance with workplace requirements.
- 4.5 The work areas are cleaned and tidied in accordance with workplace requirements.
