## CYCLE TOURING

### Complete a cycle tour

---

- 5 The New Zealand Mountain Bike Association's *Off Road Code* can be used instead of the *New Zealand Environmental Care Code*. The *Off Road Code* is available from the NZMBA – NZ Mountain Bike Association, PO Box 13734, Christchurch.  
<http://www.nzmba.org.nz/>.
- 6 This unit standard may be assessed in conjunction with Unit 20138, *Select, set up and maintain a mountain or cycle touring bike*.
- 7 There are minimum assessor requirements for assessment against this unit standard. The details of these requirements are available on the Sfrito website <http://www.sfrito.org.nz/>.

## **Elements and Performance Criteria**

### **element 1**

Prepare for a cycle tour.

### **performance criteria**

- 1.1 The route is selected using a map and its selection justified.  
  
Range:        may include but is not limited to – ability, fitness, experience, duration, distance.
- 1.2 Clothing and footwear are selected and their selection justified based on the weather conditions and environment.  
  
Range:        safety, comfort, protection.
- 1.3 Food and drink to be carried are selected and reasons for their selection are justified based on the length of the tour, the type of tour, the weather conditions and the environment.
- 1.4 The helmet is fitted and worn correctly according to Land Transport Safety Authority standards.

#### Comments on this unit standard

Please contact the Sport, Fitness and Recreation Industry Training Organisation [info@sfrito.org.nz](mailto:info@sfrito.org.nz) if you wish to suggest changes to the content of this unit standard.

#### Please Note

Providers must be accredited by the Qualifications Authority or a delegated inter-institutional body before they can register credits from assessment against unit standards or deliver courses of study leading to that assessment.

Industry Training Organisations must be accredited by the Qualifications Authority before they can register credits from assessment against unit standards.

Accredited providers and Industry Training Organisations assessing against unit standards must engage with the moderation system that applies to those standards.

Accreditation requirements and an outline of the moderation system that applies to this standard are outlined in the Accreditation and Moderation Action Plan (AMAP). The AMAP also includes useful information about special requirements for providers wishing to develop education and training programmes, such as minimum qualifications for tutors and assessors, and special resource requirements.

This unit standard is covered by AMAP 0102 which can be accessed at <http://www.nzqa.govt.nz/site/framework/search.html>.
